THE GIPSEY'S WARNING.

Do not trust him, gentle lady,
Though his voice be low and sweet;
Heed him not who kneels before you,
Gently pleading at your feet;
Now thy life is in its morning,
Cloud not this thy happy lot,
Listen to the Gipsey's warning,
Gentle lady, trust him not.

Do not turn so coldly from me,
I would only shield thy youth
From his stern and withering power—
I would only tell thee truth;
I would shield thee from the danger,
Save thee from the tempter's snare;
Lady shun the dark eyed stranger,
I have warned you, now beware

Lady, once there lived a maiden,
Pure and bright, and like thee fair,
But he wooed, he wooed and won her,
Filled her gentle heart with care;
Then he heeded not her pleading,
Nor cared he her life to save;
Soon she perished—now she's sleeping
In the cold and silent grave.

Keep thy gold, I do not wish it,
Lady, I have prayed for this,
For the hour when I might foil him—
Rob him of expected bliss.
Gentle Lady, do not wonder
At my words so cold and wild;
Lady, in the green grave yonder
Lies the Gipsey's only child.

REPORT OF THE SCHOOLS OF BEDFORD COUNTY, FOR THE YEAR ENDING JUNE 4, 1867.

During the year four new houses were built; one in Napier, 22 by 24, 9 feet from floor to ceiling, at a cost of $440; one in St. Clair, 24 by 28, 10 feet high, at a cost of 460; one in East Providence, 22 by 28, 9 feet from floor to ceiling, cost 380; one in Monroe, 22 by 24, 9 feet high, cost $280. The house in St Clair is provided with 72 square feet of blackboard surface; the one in East Providence with 73 square feet of black-board surface. Three of the houses were supplied with good, substantial furniture, and sufficient means for ventilation, but they are poorly located with regard to play ground. The Monroe house is supplied with miserable furniture, which in another year must be replaced. As these are all frame buildings, to make them attractive as well as durable, they should be painted. The want of better houses is felt in many parts of the county, and we hope to report quite an improvement in school buildings during the coming year. Fifty-six are unfit; nine in Bedford township; four in Colerain; eight in Cumberland Valley; three in Harrison; three in Hopewell; four in Londonderry; two in Juniata; four in Monroe; six in Southampton, and four in Union, are among the worst in this class. Those marked "unfit," are so in almost every respect; low, gloomy and damp, with floors sunken to the ground, fit only to breed pestilence. Some of them are propped, both inside and outside,—outside, to keep them from falling to the ground; inside to keep the floor *down* and the ceiling *up*. The furniture is *ancient*, consisting, in many, of a few slab benches, so high that children must be lifted upon them, or so low as to make them equally unfit. The writing desks, or boards, are worthless. In such houses, generally, no apparatus is found; directors and people all agree that it would spoil in them, and yet, children are cooped in such places six hours each day for four months. The wonder is not that they do not make great progress in their studies, but rather that they survive with a reasonable degree of health, for bodily deformity, and not mental culture should be expected. We want more comfortable houses, with improved furniture. When this demand is once fully met, we shall have a better condition of things. Make the schoolhouse more attractive and you destroy, in a measure, the crying evil of irregular attendance.

Two years ago my predecessor reported twenty-three houses with the necessary out-buildings. Now there are but seventeen, leaving one hundred and seventy-eight schools without these. This is a fact we are pained to note, as it shows great neglect on the part of directors.

FURNITURE.—It will be seen in the statistical report, published by the department, for this county, that fifteen houses were supplied with unsuitable furniture during the year. This was done in houses, most of which are to be replaced by new ones, as soon as the respective means of the districts will permit; hence it is to be hoped the evil here will be speedily removed. Three houses, remodeled, were supplied with suitable furniture. Eighty houses contain furniture, part of which, is injurious, and sixty-four have an insufficient amount. That marked "injurious," consists mostly of benches too high for the grade of pupils who occupy them, or of writing *boards* upon which *no* pupil can learn to imitate the scrawl of many of our teachers, much less, learn to write a graceful hand. Much of this furniture could be made better, at a small expense. In many of the houses a little sawing would remove the evil. We especially call the attention of teachers and directors to this fact, and urge upon them to unite in making seats more comfortable for pupils.

APPARATUS.—During the year, each school in East Providence, West Providence and Union townships, was supplied with a set of Cornell's Outline Maps; and the schools of Colerain and Cumberland Valley each with a set of Osgood's Primary Cards. There are now one hundred and fifty schools in the county supplied with out-line maps, purchased during the last three years. In all the schools where these were skilfully used by the teacher, the progress made by pupils in Geography was very satisfactory. A few drones found their way into houses supplied with these maps, who either through ignorance or laziness, allowed them to hang dust covered, on the walls, during the whole winter, as pictures more ornamental than useful. To these it is sufficient to say that they must prepare themselves to teach better, or quit the profession. Twenty-five schools are still wholly without apparatus, while thirty-nine are marked "well supplied."

SCHOOLS.—There are three graded schools in the county, employing ten teachers; the one at Bedford employs five; Bloody Run Borough three; and the village of Woodberry two. A number of other points in the county should have like schools; at Centerville, Rainsburg, Pleasantville, St. Clairsville, and Schellsburg, they are almost indispensible. No teacher can do justice to sixty or seventy-five scholars in a mixed school; yet we see this number at many points in the county, in ungraded schools, and in buildings wholly unfit for their accommodation.

The whole number of schools taught was one hundred and ninety-five, of which number one hundred and twenty-five were marked "well classified," and one hundred and forty-eight in which the books were uniform. The Bible was read in one hundred and twenty-five, and a number were daily opened with prayer. In a few, outside of the graded schools, the higher branches were taught, and in South Woodberry sixty-two pupils studied German.

EXAMINATIONS.—Nineteen public and seven private examinations were held. Sixty-eight directors were present at the public examinations. At one examination alone a full board was present, and at fourteen a quorum. Two hundred and twenty-three provisional certificates were issued at the public, and thirteen at the private examinations. No professional certificates were granted. Five certificates were renewed or endorsed from other counties; three certificates were annulled, and seventeen applicants were rejected. Average grade of certificates, 2.52. A number of certificates were issued of much lower grade; many with 4's and some with 5's.

TEACHERS.—To meet the demand for qualified teachers, a County Normal School was again opened, in August last, and continued eleven weeks. One hundred and thirty-one students were present, sixty-four of whom taught during the winter. A number of other schools in different parts of the county, under the charge of competent teachers, did good service in preparing young men and women to teach, so that in point of number, the supply was equal to the demand. In a few instances, local prejudice employed persons of a much lower grade of scholarship and inferior teachers, while others, more worthy, but from a neighboring township were rejected. Such short-sighted policy can only work injury to the schools. The best teacher should always be preferred, though he or she be from "across the mountain." Of the whole number employed, one hundred and twenty-six were males, and sixty-nine females. Seven males and one female, proved total failures, and were dismissed. A few others managed to have things in working order when visited, but on the whole were incompetent, and had mistaken their calling. About one hundred and seventy gave good satisfaction, doing, all things considered, as well as could be expected. Fifty-nine had no experience, and seventy had taught less than one year; one hundred and twenty-five had attended the County Normal School one or more sessions, and one hundred and thirty-one claimed to have read works on teaching. The average age of the teachers employed was about twenty-one years.

VISITATIONS.—Whole number of visits made, 212; average time spent in each school 1.56 hours. All the schools except four in the county were visited, three of which were not open when I was in the district. A number were visited twice, and some three times. Twenty-eight visits were made with directors, and a few with patrons. Whole number of patrons or citizens found in the schools, 77. Most of the time spent in the school rooms was devoted to taking notes, observing the method of instruction, and giving such aid as was deemed necessary; the length of the visit always depending on the condition of the school.

No County Institute was held during the year, and but one township, St. Clair, sustained a district institute.

Twenty two private schools were opened during the year, employing 29 teachers. 853 pupils attended these schools, at a cost of about $4700.

While we did not make as great advancement in building, furnishing, and beautifying school grounds as we might have done, still we moved forward. A few boards and patrons made every effort to run the schools on the cheapest scale possible, yet the great majority gave all the means their districts would permit. Teachers holding certificates with 4's and 5's on them are dear at any price. Many of the townships in the county know this by experience, and directors will ere long refuse all applicants who cannot show at least a "middling" certificate. Londonderry paid one year ago from $20 to $25 per month for teachers. This year her board of directors offered $40 for first class teachers, and secured a corps excelled by none in the county. This case alone is sufficient to prove that good teachers can be had if people are only willing to pay for their services. We are proud to state too that every township in the county had its schools open during this year, a fact unknown in our school history for at least eight years. Southampton for a period of years had the doors of her school houses closed against public schools. The township is sparsely settled, irrigated by rapid mountain streams, and traversed by a number of mountain ranges, making it one of the most difficult school districts in the State. Still the people there were unwilling their children should remain without the advantages of an education, and the success with which they carried on their schools last winter, did great credit to all school men in the township. The great want here is suitable accommodation for the children. Scarcely a house used last winter is fit. Most of the houses, built years ago, were either burnt, or have rotted to the ground. Five houses were rented and six of the old log were used. Teachers were employed at salaries ranging from $22 to $30 per month. Many pupils walked from two and a-half to three miles, through the deep snows of last winter, to school, and the report books show as large an average of attendance as in any other part of the county. A few years of heavy taxation for building and the schools of Southampton will be in a prosperous condition.

The new school year has just opened. A supplement to the school law, passed last winter, makes a very material change in teacher's certificates. In addition to the branches named in the law prior to this year, we now have "Theory of Teaching" and "History of the United States." No applicant will be recieved who is not prepared to stand an examination in these branches. We shall use Wickersham's Economy and Lossing's Common School History.—Teachers will be paid for their labor, if they only prepare themselves to do their work well. Encouraged by past success, we shall begin the work of the new year with bright hopes for the future.

H. W. FISHER, *Co. Supt.*

TERRIBLE CONDITION OF AFFAIRS IN TENNESSEE.

The New York *Herald* has received by telegraph the following account of the terrible outrages being committed by Brownlow and his armed outlaws in Tennessee:

In the case of the outrages alleged to have been committed by the Tennessee State militia, instructions have been given to Gen. Thomas, commanding the Department of the Cumberland, to investigate the acts of violence said to have been perpetrated. On Thursday last General Whipple, of General Thomas' staff, was in Winchester county, Tennessee, engaged in examining into the murder of James Brown, of Franklin county. After concluding his investigations, General Whipple will report the result to the Department commander, when there can be no doubt whatever that in case the petition and affidavits are found to set forth the facts, summary measures will be taken to protect peaceable and law-abiding citizens from like persecution in the future, and that the work of official decapitation will go on briskly for a time in Tennessee.

The petition of over eight hundred residents of Franklin county, accompanied by numerous affidavits, presented to the President by Mr. Jesse Arlidge, a few nights ago, gives an alarming description of affairs in Tennessee, and information now in possession of the government proves beyond a doubt that Tennessee is to-day further behind in the work of reconstruction than any other of the Southern States. The petition of the Tennesseans concluded as follows:

Your Excellency having been personally acquainted with us as a people, and knowing how dearly we loved our rights, and how jealously we guarded them, can appreciate how exquisitely we felt their loss. But notwithstanding all this, we were content to bear our wrongs in silence, and we would not trouble your Excellency now with our grievances, were it not that the iron heel of despotism upon our necks may no longer be borne. All that is left us is our lives and little property, and although our history since the war is without reproach, as we have shown your Excellency, yet our rulers, affecting to question our loyalty, have organized a band of reckless, dissolute and irresponsible men, and turned them loose to do their will upon us. We submitted to humiliating threatenings, being determined to do no act that would afford them a pretext to wreak their malice upon us. The officer in charge, in a public order addressed to our people, announced in a most offensive manner that he had come among us for the purpose of enforcing and bringing criminals to justice, and at that time we had but one more at large under indictment for murder, and he had been absconding and concealing himself for two years to escape arrest, upon an indictment for murder perpetrated in 1860, and also for a second murder perpetrated in 1864, while he belonged to the rebel army. Notwithstanding these facts, and on the face of his published order the officer in charge received the murderer into his command, and he is now going publicly around to the terror of the people. We have been informed and believe that the party alluded to is one of the most respectable men in the command, and we refer to him for the reason that he is one of the few men of whose character we can speak with certainty, and not for the purpose of fixing him with an infamy that could distinguish him above his fellows.—This band of armed desperadoes, seething with hatred toward our people, and falsely pretending to be the guardians of the law, began their depredations upon us by wanton searches of our homes and the seizure of our property, falsely pretending that they had authority to search our houses and seize our stock as the property of the United States government. In the exercise of this pretended authority they have robbed us, cursed and abused our wives and children, and denounced all who questioned their right. They have taken from our farms the means of making their crops in some instances, and appropriated the property so taken to their own use. They maintain their right to take the property of our citizens with impunity. They have kept our community in constant terror by threatening the lives of many of our citizens. They went to the house of one of our citizens in the night time, fired several shots at him, and he saved his life only by flight. They took another quiet, law-abiding citizen from beside his hearthstone, and despite the tears and prayers of his wife and aged father, they took him to the woods and shot him down like a dog. These red-handed murderers are still at large, and are denouncing the most terrible vengeance against all who question their prerogative to rob and slay us at their will. Impoverished as we are, many of our people in that portion of our country have been forced to abandon their houses and their growing crops in order to save their lives, and in every part of our country our people are filled with fear and apprehension; and, indeed, so absolute and complete is the reign of terror they have inaugurated, that many of our people are afraid to meet with us to peaceably present our wrongs to the consideration of your Excellency. This terrible state of affairs is beyond endurance, and inasmuch as this cruel, bloody, lawless band was organized, armed and set over us by our State authorities—inasmuch as it is your duty as Chief Magistrate to see that the laws are faithfully executed—inasmuch as we have the right to peaceably assemble ourselves together to petition for the redress of our grievances and inasmuch as we have an abiding confidence in your solicitude for the welfare and protection of all law-abiding citizens, without reference to their antecedents or political sentiments, we, therefore, earnestly entreat your Excellency if you question either the propriety or expediency of removing the lawless band which is oppressing us, that you will send to our country a sufficient number of national troops to protect our persons and property and bring to punishment the murderers of our people.

A TRUE LADY.—I was once walking a short distance behind a very handsomely dressed young girl, and thinking, as I looked at her beautiful clothes, "I wonder if she takes half as much pains with her heart as she does with her body?"

A poor, old man was coming up the walk, and, just before he reached us, he made two attempts to go into the yard of a small house; but the gate was heavy, and would swing back before he could get through.

"Wait," said that young girl springing lightly forward, "I'll hold the gate open." And she held the gate until he passed in, and received his thanks with a pleasant smile as she went on.

"She deserved to have beautiful clothes!" I thought, "for a beautiful spirit dwells in her breast."

VOLUNTEER DRILL FOR SINGLE MEN.—*Fall* in love with some good and industrious woman. *Attention* pay to her faithfully and respectfully.—*Right face* in popping the question, like a man. *Quick march* to her parents and ask their consent. *File right* with her to church, and go through the service of matrimony. *Halt* and reflect seriously upon the new duties which you have assumed, and then perform them. *Right about face* from the haunts which you frequented when single, and prefer your own home.—*Advance arms* to your young wife when out walking with her and never leave her trail behind. *Break off* staying out at night, and other bad habits, if you wish to have a happy home.

AN INFERENCE.—A clergman remarked to a servant who had been a long time in his service, "John, you have been a long time in my service; I dare say you are able to preach a sermon as well as I." "Oh, no, sir," said John; "but many an inference have I drawn from yours." "Well," said the clergyman, "I will give you a text out of Job; let me hear what you will make from it: 'And asses snuffed up the east wind.'" "Well," replied John, "the only inference that I can draw is this. that it would be a long time before they would grow fat upon it."

A TRAVELLER, who has just returned from journeying through Africa, says: "A savage holds to his cows and to his women, but especially to his cows." He adds: "The price of a good looking, strong young wife, who can carry a heavy jar of water, is ten cows. Throughout savage lands, a family of daughters is exceedingly profitable."

A few days since a gentleman from a distance visited Colunbus, Ohio, on business, and having a leisure hour, concluded to call on Miss——, with whom he had some acquaintance. He went, rang the bell, and when she made her appearance at the door he did not recognize her in her kitchen attire. He asked if Miss——was at home. She very prudently accepted the situation, and informed him that she was in, and after seating him in the parlor retired, as she observed, to inform her of his presence. She went to her dressing room, and after a thorough re-rigging, application of paints, powders, false curls, tilters, etc., she presented herself a second time, when she was at once recognized by the gent. Of course a pleasant hour was whiled away, during which she found occasion to apologize for not making her appearance sooner than she did.

THE FIRST TWENTY YEARS.—Live as long as you may, the first twenty years form the greater part of your life. They appear so when we look back to them, and they take up more room in our memory than all the years that succeed them. If this be so how important that they should be passed in planting good principles, cultivating good tastes, strengthening good habits, fleeing all those pleasures which lay up bitterness and sorrow for time to come.—Take good care of the first twenty years of your life, and you may hope that the last twenty years will take good care of you.

AN old lady down East, after having kept a hired man on liver near a month, one day said to him, "Mr. Smith' I don't know as you like liver." "Oh, yes," said he, "I like it for fifty or sixty meals, but I don't think I should like it for a steady diet." The parsimonious old lady served up something else for the next collation.

IN a railroad station is a placard announcing "No smoking," posted over an oil lamp. Two Irishmen appear one smoking. "Mike," says the other, Ye're transgressin' the rhules of the establishment." "How's that?" says the smoker. "Don't you see there—no smoking?" "Yis; but can't ye see, ye spalpeen, the remark is addressed to the lamp?"

HALAB the Arabian, being asked what was the most excellent thing in man, replied, "Sense." But if he have none, what is the best then? 'Honesty.' But if he has not that? "The counsel of his friend," replied the doctor. And in want of that? "Taciturnity." And if he cannot have any of these things? "A sudden death as soon as possible."

ONE of our ex-Mayors, the other day, observing a large stone lying near his gate, ordered his servant, with an oath, to send it to Purgatory. "If," said the servant, "I were to throw it to Heaven, it would be more out of your honor's way!"

IN a small party the subject turning on matrimony, a lady said to her sister, I wonder, my dear, you have never made a match, I think you want the brimstone. To which she replied, "No, not the brimstone, only the spark."

A TENANT in the neighborhood of the Astor House, was thus accosted by his landlord: "Brown, I am going to raise your rent." Brown replied, "Sir, I am very much obliged to you, for I cannot raise it myself."

SCENES of a new domestic drama: Scene 1—Mother in the cellar splitting wood. Scene 2—Daughter in the parlor singing to a well-dressed simpleton the pathetic ballad, "Who shall care for mother now?"

A MAN who was imprisoned for marrying two wives, complained that he had been severely dealt with for an offence *which carries its own punishment along with it!*

A MORMON female seminary was recently started in Salt Lake City, which succeeded very well, until the principal eloped with and married the whole school.

SMITHS, of all the handicraft men, are the most irregular; for they never think themselves better employed than when they are at their vices.

SOME say that the quickest way of destroying "*weeds*" is to marry a widow. It is, no doubt, a most agreeable species of *husbandry*.

IT was said of a great calumniator, and a frequenter of other persons' tables, that he never opened his mouth but at somebody's expense.

THE most reluctant slave to vice that we ever saw, was a poor fellow who had his fingers in one.

A recent conundrum runs in this way: "Why is kissing like victory? Because it is easy to Grant?"

NEVER purchase love or friendship by gifts, for when thus obtained they are lost as soon as you stop payment.

Ex-President Buchanan contributed $200 to the Southern relief fund recently raised in Philadelphia. The money was sent to the Rev. Dr. Boardman.

—Old Thad. Stevens goes for giving homesteads to the Negroes, because they, *the Negroes*, conquered their masters. This is the way the services of the white soldiers are valued by the Radicals.

HAVE WE A DEMOCRATIC NATIONAL COMMITTEE?

This question is prompted by the fact that, for the last three years, we have not seen or heard of anything emanating from any such institution as that concerning whose existence the above inquiry is made. During those weary years, the Democratic party has fought its battles through its State organizations, without a word of advice, or cheer, from its National head. It has fought gallantly, nobly, and invincibly; but what army ever won a victory whose corps or division commanders were not directed by a chief to whom they were all subordinate and owed obedience? It is because the Democratic masses have not been concentrated upon the vulnerable points in the line of the enemy's works, that we have failed to succeed. Thus far we have only skirmished with the pickets of the Radical forces, or, at best, have but made a reconnoissance in force. Shall this child's play continue? Shall we fritter away our strength by meeting our opponents upon side issues and local questions, only to permit them to use the power they retain to try their noxious and detestable governmental experiments? God forbid! Nevertheless, we are in a fair way to repeat the folly which every election teaches us to repeat. Our organization is held together by the clear and palpable correctness of the principles which we profess, and, therefore, is deathless and indestructible; but, whilst its members cling to it even unto martyrdom, like the Christian Tiyari we are surrounded by political Mussulmans who believe it their duty to exterminate us and who scruple at nothing to effect their purpose. To accomplish our destruction they have Africanized one half of the Republic, disfranchised seven hundred thousand white men, and buried the Constitution amid the ruins of the former Union. What are we doing to regain that which has thus been lost? Whilst pamphlet after pamphlet is scattered among the people, by the Radical leagues and committees, whilst speaker after speaker is sent out by the "Republican National Committee," whilst millions upon millions of dollars are raised by the financial managers of the Radical party, what is our National Committee doing? Sleeping a Rip Van Winkle sleep unbroken even by the thunderous crash of the most sweeping political revolution that ever destroyed a governmental fabric! Sleeping, whilst the rank and file are struggling with the enemy! Sleeping, whilst our brethren are being murdered in Tennessee and enslaved in ten States of the Union! Sleeping, whilst thousands upon thousands of white men in every Northern State, are being robbed of the privileges of citizenship! Sleeping, whilst Fanaticism, Anarchy and Tyranny hold riotous carnival throughout the land! Oh! shame, that the grand army of the Democracy is thus officered! Shame, that the men who, by their numbers, intelligence and wealth, possess the power to restore the Republic, are defeated in their noble purpose, by the apathy, or inefficiency, of those appointed to lead them! Oh! ye sluggards, how long will you sleep? Victory is within our grasp; will you organize for the charge which must result in the capture of the enemy's citadel? Will *you* lead us, or must we discard you and give your swords to men who will *not* sleep? Wake up, August Belmont! Finish your nap right now, for we "propose to move upon the enemy's works immediately!"

THE Radical papers are already circulating a number of falsehoods in regard to the proceedings of the late Democratic State Convention. One of these is, that a resolution endorsing Gen. Sheridan's course as satrap of Louisiana, was declared out of order. We were present during the entire proceedings of the Convention, and know that no such resolution was offered. Sheridan's name was not mentioned, at any time, during the sessions of the Convention, by any member of that body. The Radical newspapers must be hard up for objections to the course of the Convention, when such miserable lies as that are invented by them.

NEGRO SUFFRAGE VS. THE TARIFF.

The Africans of the South have been enfranchised by Congress, and thus the voting population of eleven Southern States (including Tennessee) has been doubled. Heretofore, but three-fifths of the African population of those States were counted in the apportionment of members of Congress. Hereafter *all* of that population will be counted in making such apportionment. An important result of this change, will be *a large increase of the number of members of Congress to be elected by those States.* Under the next apportionment the South, owing to the enfranchisement of the Africans, will have a much larger representation in Congress than it had during the palmiest days of the institution of slavery. Now, the Southern people are, it is well known, unanimously opposed to all protective tariffs, and no matter whether their representatives in Congress be white, or black, whether elected by the ballots of the European, or the African, those representatives will always be found arrayed in opposition to high protective duties. A great portion of the West, is also hostile to a tariff on iron and coal, whilst New England has a warm side for cheap fuel, and in the last Congress clearly evinced her decided partiality for Nova Scotia. Of course, the votes of the Southern States, of the West and of New England, will be combined in favor of a reduction of the duties on coal and iron, and the increased representation of the South will enable such a combination to wield a majority of the votes in Congress. Thus has the Radical Congress hung a millstone about the neck of Pennsylvania. Farewell to that "protection to home industry," of which we have heard so much! Farewell to the furnaces and rolling-mills of Pennsylvania! Negro Suffrage in the South will be the end of them, just as soon as it can make itself felt in the halls of Congress. The Radical party invites the iron and coal men of Pennsylvania to their own funeral. It asks them to endorse the Reconstruction Acts which doom their interests to destruction. It bids them sign their own death-warrant, by approving a policy which will give Free Trade an accession of at least *twenty-five votes in Congress.* It remains to be seen whether party ties are strong enough to make people commit suicide.

HON. GEORGE SHARSWOOD.

The nomination of Justice Sharswood for the office of Supreme Judge, proves very popular, not only among Democrats, but also among "Republicans." The Pittsburg *Gazette*, Philadelphia *Bulletin*, Erie *Dispatch*, and other Radical papers speak of it as the very best that could have been made. The fact is, the Radicals have no man who, as a jurist, will not suffer in comparison with Judge Sharswood. Politics aside, they are compelled to admit, that they cannot nominate any one so eminently fit to wear the judicial ermine as the nominee of the Democracy. We shall publish some of the commendations of Judge Sharswood printed by the Radical papers, as soon as we can find room.

PRAISE FROM THE ENEMY.

So excellent are the nominations made by the late Democratic County Convention that the *Bedford Inquirer*, of last week, is constrained to pay them the following elaborate compliment:

"The Copperhead County Convention assembled in this place on last Tuesday and put in nomination a ticket to be supported by them at the coming election. The nominees are for District Attorney, E. F. Kerr, of Bedford; Treasurer, Isaac Mengel, of Bedford; County Commissioner, Peter M. Barton, of East Providence; Poor Director, John I. Noble, of South Woodbery, and Auditor, Samuel Whip, of Cumberland Valley. This is about the best ticket that has been put in nomination by that party for some years. All the men are sound practical men and will make good and reliable officers. It is evident that the country for once got the advantage of the town, and the leaders here were foiled in their efforts to secure the usual creatures who are entirely subservient to them. We claim some credit for this deviation from the usual course of nominating men without business qualifications for the offices of Commissioner, Poor Director and Auditor. It will be a credit to the candidates put in nomination by the Republican party to defeat or be defeated by such men."

THE Bedford *Inquirer* takes to LONGSTREET, the Disunion Rebel General, as naturally as fleas to a dog. This is not to be wondered at, inasmuch as Longstreet is a Southern Secessionist, whilst the editors of the *Inquirer*, are Northern Disunionists. Longstreet wanted to take the Southern States out of the Union, and failed because the Federal Army met him at Round Top, near Gettysburg. The editors of the *Inquirer* declare those States *are out of the Union* (in spite of Round Top) and that they shall stay out, or come in *black end foremost.* Is it any wonder that the Disunion Rebel General Longstreet likes the party that has made Disunion a fact, or that the Disunion editors of the *Inquirer* admire Longstreet who tried, but failed, to accomplish the same thing?

THE STATE CAPITAL PLUNDERED!

Astonishing Developments!

We refer the reader to the accounts of the robbery of the State Capitol, by officials of the late Legislature, which we print elsewhere. Tons of books and documents and even U. S. Mail bags have been stolen and converted to their own use, by these Radical thieves. Talk about "reform" and "honesty," in a party that puts and keeps such robbers in office! As well might Lucifer be trusted to reform the infernal pit!

WE clip the following from the *Bedford Inquirer* of June 21st:

AT a Republican meeting in Trenton, N. J., last week, Ware, a Philadelphia negro, pithily said: "Radicalism is this: if you don't give it what it asks, it will take more."

As the *Inquirer* evidently endorses the definition, we agree with it for once, but, will not the definition answer equally well for *highway robbery?*

THE President has gone to Boston, upon an invitation of the authorites of that city. He was enthusiastically received along the route, except in Philadelphia. That city is bound to commit *hari kari.*

The Copperhead Convention at Harrisburg dodged the Free Railroad question.—*Radical Paper.*

The Radical Legislature didn't "dodge" that question; they *defeated* the proposed Free Railroad Law.

SHORTS---POLITICAL AND PERSONAL.

HON. L. D. CAMPBELL has resigned his position as Minister to Mexico and returned to the United States. This second attempt to introduce the *camel* into Mexico has proved as unsuccessful as the first.

PENNSYLVANIA is to go for the Democrats at the next election. So said Thaddeus Stevens, the "great Commoner," when he was mad over Cameron's success.

THAD. STEVENS talks about a "mild confiscation." Said an Irishman, holding his hand before the muzzle of a gun about to be fired, "pull it off aisy."

THE first line of a Radical song begins thus: "We'll hang Horace Greely on that sour apple tree, because he helped to set Jeff. Davis free."

THE South is offered admission to Congress if it will send members willing to brush Sumner's shoes. That is the amount of the reconstruction bill.

FORNEY says, Thad. Stevens is improving, and the Boston Post says there is great room for it.

THE Earl of Brownlow died lately in England. The infamy attached of late years to the name, struck in and killed him.

THE Philadelphia *Press* is out in favor of the election of Africans to Congress. Forney wants a boot-black.

POTT of the Fulton *Republican*, says, he has been "*stirred* by the announcement"—that Jeff. Davis is "out on bail."

R. B. HAYES has been nominated for Governor, by the Radical Convention of Ohio. Owing to Negro Suffrage and White Disfranchisement being the issues in Ohio, the political atmosphere in that State, doesn't look so very *Hayes-y.*

THE Democracy of Belleville, Ill., routed the Radicals badly, the other day. They polled a majority of 150—a gain of 700 since last fall. So it goes everywhere.

JOHN NEAL has written to the Portland *Press* a letter opposing the prohibitory liquor law. He says its effects in Maine have been demoralizing; and it has increased the sale of liquor clandestinely.

THEODORE TILTON, a teacher of "grand moral ideas," advocates the licensing of houses of prostitution.

"Do something," said Artemus, "do something. If you can't get to be clerk to a manure wagon, why write for the *Ledger!*" "Local-on-the-(blow) fly" follows this advice as nearly as he can, by scribbling for the *Bedford Inquirer.*

SENATOR JAMES GUTHRIE, of Kentucky, who has been ill a long time, is recovering.

HON. ISAAC NEWTON, Commissioner of Agriculture at Washington, died on the 19th inst., of Typhoid Fever.—Mr. Newton was a Philadelphian.

COLFAX is working "Across the Continent and towards the Presidency" in the interior of Illinois.—So says the *World.*

AN election was recently held in the second grand division of Illinois, for Judge, which resulted in the election of a Democrat by a majority of 4,230 In November, last year, the Radicals carried the same district by a majority of 3,044. Thus it will be seen that the reaction in Connecticut has extended to the West. A change as decided in other States will give Democratic majorities in nearly all the States.

THE Chicago *Times* suggests that the best way to get the foul water out of Chicago River, is to engage Horace Greely to bail it out!

THE Democratic State Convention of California, has nominated H. H. Haight for Governor, William Holden for Lieutenant Governor, H. L. Nicholas for Secretary of State, Robert Watson for Comptroller, Antonia F. Coronell for Treasurer and John W. Dost for Surveyor General.

GALENA, Ills., the home of Gen. Grant, has just elected the Democratic ticket by 250 majority. The Third Ward went Democratic for the first time in the history of the city.

Perkins; a short story, entitled, 'Miss Aubusson;' "Children," by H. T. Tuckerman; "Words and their Uses," by Richard Grant White, and poetry, by Dr. T. W. Parsons and Miss Ina D Coolbrith, beside continuations of "Steven Lawrence, Yeoman," by Mrs. Edwards, and "Waiting for the Verdict," by Mrs. R. H. Davis.

C. & F. P. CHURCH, No. 39 Park Row, New York.

THE LADY'S FRIEND, FOR JULY, 1867.—The July number of this magazine opens with a Steel Plate of unusual interest and beauty—a lovely Cinderella, sitting sad and neglected by the kitchen fire, her haughty sisters disappearing through the doorway. The Colored Fashion Plate, as usual, is an elegant and faithful transcript of the prevailing modes; and the wood cuts, illustrating articles of dress, and teaching fancy work, must be of great value to the ladies. The Music, "Kiss the Little Ones for Me," looks the kind of song to be popular. The literary entertainment is furnished by Elizabeth Prescott, Miss A. L. Muzzey, Auber Forestier, Frank Lee Benedict, H. S. Corey, Mrs. Henry Wood, &c. The instructions for making Phantom Bouquets and Wax Flowers, and for Feather work are worth, ladies tell us, many times over the cost of the number. A beautiful Steel Engraving will be sent gratis to every single ($2.50) subscriber, and to every person sending a club. Specimen numbers of the magazine will be sent for twenty cents.

Price (with engraving) $2.50 a year; Four copies (with one engraving) $6.00. One copy of Lady's Friend and one of Saturday Evening Post (and one engraving), $4.00. Address Deacon & Peterson, 319 Walnut Street, Philadelphia.

ASTOUNDING DEVELOPMENTS!

Loyal Plundering at Harrisburg!

Arrest of Department Messengers---They are Charged With Stealing Books and Papers---Three Wagon Loads of the Property Recovered.

Special Dispatch to the Philadelphia Inquirer.

HARRISBURG, June 21.—Quite a sensation was created here this morning by the unexpected arrest of a number of messengers and other subordinate attaches of the various State Departments. It seems that for some time past, several heads of departments, including the State Librarian, had missed a number of valuable books, and other documents belonging to the State.—The attention of the Chief of Police was called to the matter, and having reason to suspect a man named Aaron Rapp, doing business on South street, Mr. Campbell, the Chief of Police, procured a search warrant and visited Rapp's premises this morning, where he found a number of the missing articles stowed away. Rapp became terribly alarmed and implicated some seven or eight messengers and other employees at the Capitol Building, who were at once arrested. The Storekeeper was held in one thousand dollars bail, to answer at court. Two of the messengers were held in eight hundred dollars bail; the balance will have a hearing to-morrow morning. Three wagon loads of State property were brought from Rapp's store and piled up in the Mayor's office. Among the captured property are some two hundred copies of the Adjutant-General's recent Report, of over twelve hundred pages.

From all these Reports the cloth binding had been torn and the books sold as waste paper. There were also two hundred copies of the United States Statutes at Large, passed at the last session of Congress, inclosed in packages, addressed to the Governor. These were sold for waste paper, unopened. Large quantities of recent numbers of the *Legislative Record*, together with the index, were also captured, together with seven United States mail bags, belonging to the Post Office, which had been sent up to the Capitol for documents and stamped envelopes furnished the heads of Department. It is supposed that this species of imposition upon the State has been carried on for several years, and it has only now been discovered by reason of the boldness of the recent operations.

LATER.

HARRISBURG, June 23.—Chief of Police Campbell has just returned from Carlisle, and reports that he found at a paper mill, near that place, nearly a ton of the books and documents stolen from the Capitol, including about eight hundred and fifty volumes of the Adjutant General's last report. A number of U. S. Mail bags were recovered. Four of the parties arrested upon the charge of stealing the property, have been bound over to appear at August sessions. Great excitement and indignation exist here in regard to the matter.

A YOUNG LADY returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. DR. SCHENCK'S PULMONIC SYRUP.
This great medicine cured Dr. J. H. Schenck, the proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. Schenck's PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS, are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Schenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollars.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of consumption, and the other as he now is, in perfect health, are on the Government stamp

Sold by all druggists and dealers; price $1 50 per bottle, or $7 50 the half dozen. All letters for advice should be addressed to Dr. Schenck's principal Office, No. 15 North Sixth street, Philadelphia, Pa.

POSTMASTER APPOINTED.—D. M. Stoler, Esq., has been adpointed Post Master at Saxton, this county, *vice* Benj. Waltz. This is an excellent appointment.

BEDFORD SPRINGS.—Visitors are already beginning to arrive at Bedford Springs. At this writing upwards of thirty arrivals are registered.

NO. 1, ANDERSON'S ROW.—J. M. Shoemaker has just returned from Philadelphia, with the cheapest lot of goods brought to Bedford since the beginning of the war. See advertisement.

IN DEMAND—Linen Coats; to be had at the fashionable Clothing Emporium of Berkstresser & Co.

FOURTH OF JULY CELEBRATION.—The glorious Fourth will be appropriately celebrated at Schellsburg. The Declaration of Independence will be read, an address delivered and the Bedford Democratic Brass Band will enliven the occasion with its choicest music.

RETURNED.—Mr. Jacob Fetterly, formerly of this place, but for some years a citizen of Texas, is now on a visit to his friends in this place. Mr. Fetterly informs us that when he left Texas, a jury in one of the counties of that State, was composed of *eleven negroes* and one white man!

IMPROVEMENTS.—Who says Bedford does not improve? Since last year the "Arandale House" (a fine building) has been erected by Messrs. Smiths & Robartz; the "Chalybeate House," (another commodious structure) by Mr. Chenoweth; a large and well arranged boarding-house has been built by Mr. Cramer; and at present Hon. S. L. Russell is building a fine addition to his residence; Dr. Watson has also renovated his office, and thus the tide of improvement rolls on. The croakers mustn't fence us up yet.

COL. J. H. FILLER.—We had the pleasure on Monday last, of shaking hands with our friend Col. J. H. Filler, who is now on a visit to his family and friends in this place. Col. Filler was, last winter, appointed an Examiner in the Pension Office at Washington, which position he still holds; and has also lately been appointed to a Lieutenancy in the Regular Army. We congratulate the Colonel upon his luck.

Parties in quest of a man who had stolen a horse somewhere in Bedford county, were at Summerhill, this county, on Saturday evening last, just twenty-four hours behind the thief, who had passed through that village with his booty the evening previous. A person answering the description of the thief is said to have passed through this place on Saturday.—*Ebensburg Freeman.*

THE BANKRUPT LAW.—Now that this act is going into operation, it is best that every one interested in Bankruptcy should have a good copy of the law, and we can think of no better way of obtaining one than by sending 20 CENTS to Frank Moore, Publisher, Bible House, New York, for a copy of his "People's Edition." It is sent FREE by mail, for that price—20 CENTS.

THE WHEAT CROP.—The midge or flying weevil has made its appearance in the late growing wheat in this neighborhood, and from their numbers promise its total destruction. It is the opinion of good judges that the early wheat is already beyond the ravages of this insect, and therefore the majority of the growing crop in this section is safe.—*Carlisle Volunteer.*

BEAR AND BRAVE IT.—The "crisis" is come—so it is said. The "times" are "dull" is croaked by the "other fellow." Well, what of it? We must only take care or some of us will be "swamped." Let us do the best, just now, we can. Roll up our sleeves and assault hard and dull times wherever and whenever we can. The crops promise abundance, and the fall may bring better times. Let us hope for the best, and not sit down moaning by the wayside. There are plenty of people in the world much worse off than we are.

THE NEWSPAPER.—A child beginning to read becomes delighted with newspapers, because he reads of names which are very familiar and he will progress accordingly. A newspaper in one year is worth a quarter's schooling to a child, and every father must consider that substantial information is connected with this advancement. The mother of a family being one of the heads, and having a more immediate charge of children, should herself be instructed. A mind occupied becomes fortified against the ills of life, and is braced for any emergency. Children amused by reading or study are, of course, considerate, and more easily governed. How many thoughtless young men have spent their earnings in a tavern or grog-shop, who ought to have been reading? How many parents who never spent twenty dollars for books for their families, would gladly have given thousands to reclaim a son or daughter who had ignorantly and thoughtlessly fallen into temptation?

PRICES AND PROSPECTS.—Every consumer may well rejoice in the gratifying fact of falling prices for the necessaries of life. In Chicago, corn, that sold for $1 10 a bushel in the third week of May, fell to 90 cents on June 5th. Oats, which sold for 90 cents on May 28th, fell to 60 cents on June 5th. Rye, which was quoted at $1 37 in May, had fallen to $1 02 in June Wheat, which was $2 85 a bushel in May, sold as low last week as $1 90. Chicago is the headquarters of the grain trade of the country. The prospects of abundant crops have been the cause of this market decline. The New York *Journal of Commerce* estimates the yield of hay this year at 30,000,000 tons, as compared with 21,000,000 tons last year; of corn at 1,200,000,000 bushels last year, and other crops in proportion. The effect of so bountiful a supply should be the reduction of the prices of the necessaries of life to a reasonable figure.

HINTS TO TATTLERS.—An old friend of ours, hands us the following, clipped from a late number of the *Presbyterian:* The heights and recesses of Mount Taurus are said to be much infested by eagles, who are never better pleased than when they can pick the bones of a crane. Cranes are prone to cackle and make a noise, (Isa. xxxviii. 14) and particularly so while they are flying. The sound of their voices arouses the eagles, who spring at the signal, and often make the talkative travellers pay dearly for their imprudent chattering. The older and more experienced cranes, sensible of their besetting foible, and the peril to which it exposes them, take care before venturing on the wing to arm themselvs each with a stone large enough to fill the cavity of their mouths, and consequently to impose unavoidable silence on their tongues, and thus they escape the danger.—Reader, hast thou an ugly tongue? Learn a lesson from the elder cranes, and to bridle thy tongue by watchfulness and prayer, that thou mayest say with the Psalmist, who had doubtless witnessed, and perhaps felt, the infirmity of which we have been speaking, "I said, I will take heed to my way, that I sin not with my tongue."

ORPHANS OF SOLDIERS AND SAILORS.—In our paper of to-day will be found the announcement of the Riverside Institute of Burlington county, N. J., for Soldiers' and Sailors' Orphans. This liberal and splendid enterprise commends itself to an intelligent and humane public. From the *Philadelphia Evening Telegraph* we glean the following facts in relation to the institution. It is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States, and was incorporated on the 8th of April last. In order to raise funds for the maintenance of the Institution, the Washington Library Company, chartered by the State of Pennsylvania, organized itself and perfected a plan which has received the endorsement of the highest legal authority of this State and New Jersey.—Their plan of action is to sell certificates of membership at $1 each. Five series of fine steel-plate engravings have been issued, one of which will be given to every subscriber, in addition to a present which is also ensured, (there being no exceptions,) and which will be awarded on the 25th day of September next, at the Academy of Music or at the Institute. The presents to be awarded consist of Forty Thousand, Ten Thousand, Five Thousand, and two of Twenty-Five Hundred Dollars, all in greenbacks, together with real estate, horses, pianos, melodeons, sewing machines, gold watches camel's hair, lace and Cashmere shawls, dress patterns, silver ware, and an endless variety of other goods of great value. Every purchaser will in addition to the engraving which he receives also receive some one of the presents announced for distribution. All moneys received will be at once paid over to George A. Cooke & Co., bankers, No. 33 South Third street, who have been induced to act as receivers, from the simple fact that it has been fully shown ts their satisfaction that the whole net proceeds are to be devoted to the Riverside Institute, and the hundreds of orphans who are now knocking at its doors for admission, and who are denied this blessing on account of the want of funds. This reason has also induced the Commisioner of Internal Revenue to exempt the affair from all tax of any kind whatever. The object is a noble one, and the present plan was only adopted after mature deliberation and consultation with the highest legal authority. In no other way can the Company raise so large a sum as will be required. And when a fair equivalent for the same is offered, it is hoped that this Institution will soon be in working order.

EPISCOPAL SERVICES AT THE COURT HOUSE.—On and after Sunday next, the Evening Service will be at 4 o'clock in the afternoon, instead of at night. The Morning Service as usual.

REGULATOR.—Don't forget the Regulator. Irvine and Statler regulate prices of boots, shoes, queensware, notions, &c.

DISTINGUISHED STRANGERS.—We had the pleasure of seeing and greeting in our sanctum the other day, Judge F. M. Kimmell, B. Y. Hamshire, senior editor of of that substantial and well-conducted newspaper, the "Valley Spirt," C. M. Duncan, Esq., and W. S. Stenger, Esq., District Attorney, all of Chambersburg, Pa. These gentlemen were on a tour of pleasure and observation through our beautiful Valley. They expressed themselves as highly gratified with what they saw and heard of our people. They all belong to the school of politics in which we were taught, and we were pleased to hear them express earnest hopes of a restoration of a constitutional Union, and consequently, of the era of good feeling between the dismembered sections. They informed us that many substantial and intelligent Pennsylvanians were turning their eyes wistfully towards this part of the Old Dominion. Let them come.—*Rockingham (Va.) Register.*

J. W. BRADLEY'S
CELEBRATED PATENT
DUPLEX ELLIPTIC (OR DOUBLE SPRING)
SKIRT.
The wonderful flexibility and great comfort and pleasure to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring Skirt.
A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.
They will not bend or break like the single spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered: preventing them from wearing out when dragging down stoops, stairs, &c.
The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT of the Fashionable World!
To enjoy the following inestimable advantages in crinoline, viz. superior quality, perfect manufacture, stylish shape and finish, flexibility, durability, comfort and economy, inquire for
J. W. BRADLEY'S DUPLEX ELLIPTIC, or Double Spring Skirt, and be sure you get the genuine article.
CAUTION —To guard against imposition, be particular to notice that Skirts offered as "DUPLEX" have the red ink stamp, viz: "J W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—☞none others are genuine. Also notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other Skirt.
For sale in all stores where first class Skirts are sold throughout the United States and elsewhere. Manufactured by the sole owners of the patent,

GRAND CONCERTS IN AID OF THE MASONIC HALL AND ASYLUM FUND.—The object of these Concerts is to raise funds to build a Masonic Hall in the city of New York, commensurate with the wants of the fraternity, and to erect an Asylum for decayed Masons and the indigent and infirm widows of Masons and their orphans. A large fund has been collected for this purpose, but more is needed, which it is believed will be generously and promptly given by the charitable public, and those immediately interested in the welfare of the Order.
The Management take great pleasure in announcing that their Sixth and last Grand Musical Entertainment will take place at Jones' Wood, on TUESDAY, JULY 30th, commencing at 1 o'clock, P. M., and will be immediately followed by the Grand Distribution of Presents.

OFFICE OF THE GRAND MASTER OF MASONS,
OF THE STATE OF NEW YORK,
New York, January 10, 1867.
BRO. G. W. HOLMES—*My Dear Sir*—Yours of the 9th instant has been received. In reply I can only state that any enterprise which may be honorably and conscientiously conducted, in aid of the Masonic Hall and Asylum Fund of the State of New York, will receive not only my unqualified approbation, but my zealous co-operation. That your enterprise will be conducted with fidelity to your promises I have no doubt, judging from the references which you have given. While I say this, I desire still to declare to you that any effort, no matter how sacred may be the end sought to be achieved, that leads to any violation of the laws of the State, should not be permitted. Let those laws be held in strict respect, a blessing will surely follow, and you will receive thanks of thousands. Thanking you for your kind remembrance of the widows and orphans of our craft, I am
Truly and fraternally yours,
ROBERT D. HOLMES, G. Master.

ASTROLOGY.
The World Astonished
AT THE WONDERFUL REVELATIONS MADE BY THE GREAT ASTROLOGIST,
MADAME H. A. PERRIGO.
She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives your name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secresy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

REPARATOR CAPILLI.
Throw away your false frizzes, your switches, your wig—
Destructive of comfort, and not worth a fig;
Come aged, come youthful, come ugly and fair,
And rejoice in your own luxuriant hair.
REPARATOR CAPILLI
For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, provided entire satisfaction is not given. Publications.

1867.—"THE WORLD."—1867.
The attention of the public is invited to the claims of "The World" as one of the leading public journals of the country. It is the chief organ of the Democratic Party of the United States, and the foremost advocate of the immediate restoration of the Union. Its highest merits consists in its character as an enterprising and trustworthy newspaper.
The next year bids fair to be a more critical one in the history of our free institutions than even any eventful ones that have preceded it. The first requisite for an intelligent judgment of public affairs is a full and authentic account of facts as they transpire. These THE WORLD always aims to give with conscientious accuracy, and with equal fullness and fidelity, whether they make for or against its own views of public policy. Prompt activity in spreading before its readers every kind of news in which any part of the public takes an interst, is the first duty of a newspaper, and the facilities of THE WORLD for discharging this obligation are unsurpassed by those of any journal in the United States. Whatever else it may fail in, it certainly will not fail to furnish the news, nor to supply it with such promptitude, spirit, freshness, abundance, variety, accuracy and candor, that no class of readers can miss anything of interest which they wish to find. THE WORLD will publish documents and arguments prepared by political foes just as freely as those prepared by political friends; making its own comments on them, of course, but never suppressing or garbling them because they are calculated to damage its own party. Adverse arguments, which it cannot refute, it is content to leave to make their full impression. THE WORLD accepts this rule because it believes no other is honest; because it conceives that its first duty to its readers is to keep them thoroughly informed on every passing subject of importance. In politics, THE WORLD will continue to be the bold advocate of a Liberal, Progressive Democracy. The unflinching champion of Freedom, Justice, Order and Constitutional Rights. The inspiration of its politics is Freedom restrained by Justice; or, to speak more strictly, Freedom pure and simple, in the largest collective measure; the office of Justice being merely to protect freedom from encroachments; Freedom of the individual citizen in his rights of thought, speech, religion and locomotion; in his Right to choose his own food and drink, in spite of meddlesome temperance laws; in his Right to make any money bargains he thinks proper, in spite of foolish usury laws; in his Right to buy and sell in all markets, domest
